

SECRET

2 March 1983

NOTE FOR:

25X1

FROM:

The DCI and DDCI have agreed that the DCI will do the Foreign Counterintelligence hearing on 11 March and the DDCI will do the Covert Action hearing on 15 March.

In addition to wanting a prepared statement, the DDCI would also like the following background material for his hearing:

-- The final report of the recent ExDir/IG/DDI Covert Action review (I believe this is still in draft, which will be fine if the final version is not ready on time).

-- The book that the DDO prepares for the above review.

-- A paragraph listing the accomplishments of each Covert Action program during this past year.

25X1

25X1

-- Request someone in OEXA to touch base with Rob Simmons to get a feel for what the Committee will be interested in. For example, will they focus on what Covert Action programs we anticipated for 1984, etc.

-- No graphics will be required; some kind of a display that could be put on an easel, however, listing all of the Covert Action programs might be useful to refer to during the presentation.

-- [redacted] DDCI probably will want an oral briefing on the order of battle of the forces in Central America a day or so before the hearing.

25X1

I suggest that you feed this to us as it becomes available rather than wait until the last minute.
